

# Tournament Registration

## Withdraw Classification Policy

### **‘WD’ (“Withdraw”)**

- If a player “Withdraws” after they have begun the competition for obvious, observable, and/or verifiable reasons, he or she will be listed as ‘WD’. Examples would include circumstances requiring medical attention, such as: bee stings, an asthma attack, cuts/lacerations, feeling feverish/faint or nauseous, etc.

Please note: Some ‘WD’s’ may come with at least one score (e.g. a 36-hole qualifier in which a player completes play of the first round but not the second round).

### **‘NS’ (“No Show”)**

- If a player fails to show up for an event without informing the Championship Department, he or she will be listed as ‘NS’. If a player doesn’t show, but gives proper notice, they will be listed as ‘WD’

### **‘DNF’ (“Did Not Finish”)**

- If a player does not complete a round or exits a tournament for no stated reason or for reasons such as: “I’m going to miss my plane” or “I got called into work”; or for injuries such as: hurt wrists, sprained neck, bad back, etc., they will not be considered ‘WD’, but will be more appropriately listed as ‘DNF’.

### **‘DNS’ (“Did Not Start”)**

- If tee times are delayed and a player exits a tournament because they have to “travel” or “get to work”, the player will be listed as ‘DNS’.

### **‘NC’ (“No Card”)**

- If a player completes a round and, for various reasons, does not turn in their score card, the player will be listed as ‘NC’.

\*A Completed round is a round played under the Rules of Golf, in which the player has holed out on all 18 holes.
